The Willowbrook

GSP's first custom home | Completed 2023 | 3,160 heated sq ft

A flexible response to the site.

THE REQUEST

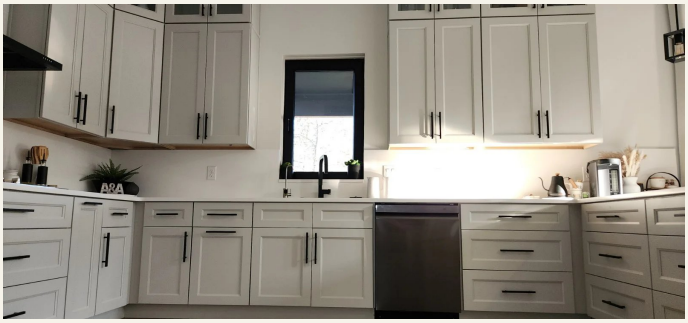
The homeowner wanted the home farther back on the property. That move required a revised septic-system arrangement.

GSP'S RESPONSE

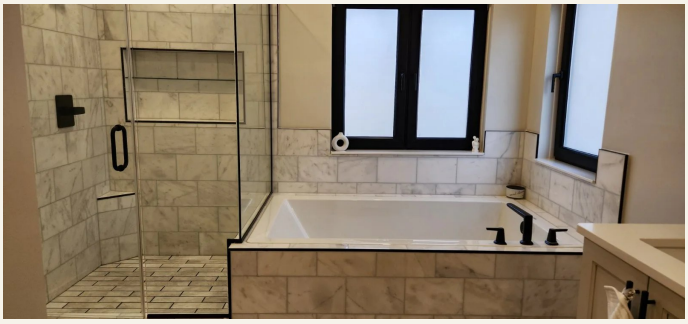
GSP revised the septic arrangement to accommodate the requested placement and handled construction of the whole home.

THE RESULT

The home was built in the requested position and completed in 2023. Inside, tall living spaces, light cabinetry, a stone fireplace and a covered porch give the home its character.



Light cabinetry and a generous kitchen island.



Tiled bathing spaces with dark fixtures.

Four homes. Distinct layouts.

Completed homes built by GSP | Approx. 3,679-3,749 sq ft | Year built: 2025

When materials ran short, GSP looked farther afield. Material shortages affected the four builds. GSP sourced materials from out-of-state suppliers to overcome the shortages and deliver the completed homes shown here.
